

## F1-U1 Upright Bike

### Key Features and Benefits:

#### Friendly low entry area

Seniors will especially like the walk-thru frame design for an easy entrance and exit onto and off of the bike.

#### Program icon and quick keys

Allow user easy access to desired program

#### Precision pin-locking seat mechanism

Easy for users to adjust, can firmly in any height for the best workout position

#### Pedal adjustment

9 levels width pedal adjustment for any size of foot to pro ankles during exercise.
